

QUICKBOOKS ONLINE · SRI LANKA

QuickBooks Online

Cloud accounting, with local support

Run your books from anywhere: invoicing, expenses and reports in the cloud. AccSoft helps you pick the right plan, sets it up for Sri Lankan IRD invoicing with VAT and SSCL, cheque and voucher printing, and trains your team.

Since 1998

Authorised partner in Sri Lanka

Plans & Monthly Pricing (USD)

1 Simple Start - was \$30, now \$3

1 user plus accountant access. Invoicing and quotations, expense and income tracking, basic reports (P&L, Balance Sheet), custom tax rates for VAT and SSCL.

3 Plus - was \$110, now \$11

Up to 5 users. Everything in Essentials plus inventory tracking (FIFO), project profitability and job costing, budgets, purchase orders, class and location tracking.

5 Professional Invoicing

Send branded invoices and quotations by email, track who has viewed them, and chase overdue payments with automatic reminders.

7 Multi-Currency

Invoice export customers in USD, EUR or GBP and let QuickBooks handle exchange gains and losses automatically (Essentials and above).

2 Essentials - was \$70, now \$7

Up to 3 users. Everything in Simple Start plus bill and supplier management (A/P), multi-currency, time tracking, recurring transactions and enhanced reports.

4 Advanced - was \$220, now \$22

Up to 25 users. Everything in Plus plus custom user roles and permissions, workflow automation, advanced custom reporting, batch invoicing and dedicated premium support.

6 VAT & SSCL Ready

Sri Lankan tax rates configured so VAT and SSCL calculate on invoices and summarise for your IRD filings. AccSoft sets this up during implementation.

8 Reports & Dashboards

Profit and loss, balance sheet, aged receivables and cash flow, ready for your accountant, your bank or your board.

AccSoft Add-ons for QuickBooks Online

9 IRD Invoicing

Prints invoices exactly as IRD regulations require, fully integrated with QuickBooks.

10 Sales & Approvals

Quotations, sales orders and credit notes with multi-level approval workflows.

11 Credit Control

Customer credit limits, overdue monitoring and automatic invoicing blocks.

12 Multi-Location & Printing

Stock transfer and location-wise inventory, plus cheque and voucher printing.

ONE SYSTEM, END TO END

Why buy QuickBooks Online through AccSoft

Local Implementation

Chart of accounts, opening balances, VAT and SSCL rates set up correctly

Training In Person

Hands-on training for your accounts team, in plain language

Ongoing Support

Call us - no overseas call centre, and data migration handled for you

Choosing your plan

- ✓ Simple Start if you mainly invoice customers and it is just you
- ✓ Essentials if you manage supplier bills, multiple currencies or need 3 users
- ✓ Plus if you carry stock or run projects and need job costing
- ✓ Advanced for larger teams needing automation, custom roles and heavier reporting
- ✓ Move between plans at any time as your business changes - your data carries over
